

## AMENDMENTS TO THE CLAIMS

The following is a complete list of the claims.

1. (Currently amended) A feed composition comprising about ~~0.05~~ 0.25 to about 20% 10% industrially prepared triglyceride and about 100 to about 10,000 ppm active lipolytic enzyme, for use as a medicament, wherein said industrially prepared triglyceride ~~contains one or more C<sub>4</sub>-C<sub>12</sub> consists essentially of C<sub>6</sub>-C<sub>10</sub> medium chain fatty acids and is an industrially prepared triglyceride composition or is a mixture of a naturally occurring triglyceride composition and industrially prepared triglyceride composition.~~
2. (Previously presented) The feed composition according to claim 1 for use as an antimicrobial agent.
3. (Previously presented) The feed composition according to claim 1 for preventing digestive upsets.
- 4-8. (Cancelled)
9. (Currently amended) The feed composition according to claim 1 wherein said active lipolytic enzyme is a lipase.
10. (Currently amended) The feed composition according to claim 1 wherein said active lipolytic enzyme is an esterase.
11. (Currently amended) The feed composition according to claim 1 wherein said active lipolytic enzyme is a mixture of lipase and esterase.
12. (Currently amended) The feed composition according to claim 1 wherein said active lipolytic enzyme is present in a commercially available lipolytic enzyme composition.

13. (Cancelled)
14. (Previously amended) The feed composition according to claim 1 wherein the triglyceride is a medium chain triglyceride (MCTG).
- 15-19. (Cancelled)
20. (Previously amended) Feed composition according to any one of the previous claims, for animals.
21. (Previously amended) Feed composition according to claim 20, wherein the animals are early weaned piglets.
- 22-25. (Cancelled)
26. (New) A feed formula comprising 1 to 5% of the feed composition according to claim 1.
